BYOT Student Parent Agreement

Dear Parent(s)/Guardians and Students,

As new technologies continue to change the world in which we live, they also provide many new and positive educational benefits for classroom instruction. In order to prepare students for that changing world, we are implementing Bring Your Own Technology (BYOT) at our school. In this initiative, students in grade 6-12 are expected to bring their own laptop and all students are encouraged to bring their own technology devices to school to enhance their learning experiences. These documents outline DAIS’s policies and expectations between parents, students, and school personnel as we establish this new program within our school. We appreciate your support in ensuring a successful implementation of the Learning Innovation Program (LIP).

**BYOT Laptop Specifications**

Students will be required to be in possession of their laptop on the first day of school Thursday, August 11, 2016. Attached you will find the DAIS BYOT Laptop Specifications to guide your purchase. In order to support our families we will have school technical personnel available to answer questions or provide on-site assistance from Tuesday, August 2nd through Wednesday, August 10th from 10 am to 4 pm.

**Security and Damages**

Responsibility to keep the device secure rests with the individual owner. DAIS is not liable for any device stolen or damaged on campus. If a device is stolen or damaged, it will be handled through the administrative office as is any other personal property incident. It is recommended that skins (decals) and other custom touches are used to physically identify your device from others. Additionally, protective cases for technology are encouraged.

**BYOT Student Agreement**

The use of technology to provide educational material is essential to meet curriculum standards at DAIS and requires a certain level of responsibility. Secondary students, along with parent/guardian support, must adhere to the accompanying DAIS BYOT Rights and Responsibilities and DAIS Internet Acceptable Use Policy which can also be found in the Student Handbook.
I understand and will abide by the attached policies. I further understand that any violation is unethical and subject to disciplinary action as deemed appropriate in the DAIS Student Handbook.
