PHILOSOPHICAL STATEMENT FOR ATHLETICS

DAIS believes athletic activities are integral to the holistic education experience for students. The athletic program supports the actualization of the school's mission, vision, and student wide learning goals (SWLG's). Athletic activities provide opportunities for students to explore and pursue areas of interest and diverse environments promoting the development of both collaborative and individual knowledge and skills. These experiences, when pursued appropriately, promote the fulfillment of a healthy and balanced life.

SPORTSMANSHIP PHILOSOPHY

Dalian American international school believes that participation in extracurricular activities is a privilege. Participants conduct, in and out of school, shall not reflect negatively on our school or create a disruptive influence on the discipline, good order, moral or educational environment in the school. Student athletes are to conduct themselves as positive role models on or off the playing field. The following are core beliefs of Dalian American International Schools athletics:

1. Participation is for those who potentially have the skills, attitudes, and willingness to work hard to improve their respective sports.
2. Success is not measured by the win/loss record.
3. The coaching staff, athletes, administration, parents, and fans should always act in a manner that would enhance the positive image of the school and community.
4. Athletes are encouraged to participate in more than one sport throughout the year.

5. Playing time in scheduled contests is earned. Work ethic, ability, academic standing, and behavior are factors that apply.

6. The needs of the team must come before the needs of the individual.

7. Athletic participation is intended to benefit all athletes by teaching fundamentals, strategies, and behavior that will enable our teams and athletes to be successful.

ATHLETIC RULES AND REGULATIONS

- The rules and regulations found in this athletic handbook and Dalian American International Student handbook apply to all athletic competitions.
- Middle school violations will not carry over to the high school based on the severity of the infraction.
- All suspensions are to start with the next regularly scheduled contest following the violation.
- A suspension not fulfilled during a particular season will carry over to the next sport the athlete tries out for. The suspension will continue beginning with the first regularly scheduled contest in that sport.
- A student is considered an athlete once they try out for a sport. They are an athlete the entire calendar year.
- While serving an athletic suspension, practice attendance is mandatory unless excused by the coach.

This opportunity applies only to first offense violations. Penalties for second offense violations remain the same.
4. Student athletes are responsible for information contained in written or electronic transmissions (e.g., e-mail) and any information posted on a public domain (e.g., internet, online chat rooms, social media, YouTube). Inappropriate or embarrassing information or pictures should not be posted in any public domain. Student-athletes are not precluded from participation in such online social network sites; however, student – athletes should be reminded that they serve as representatives of Dalian American International School. Any individual that is identified on a social networking site which depicts illegal or inappropriate behavior will be considered a violation of the athletic training rules and will be subject to athletic discipline and/or suspension.
5. Cleanliness and Appearance: As the appearance of athletes representing a school can bring credit or discredit to the school all athletes are encouraged to maintain personal cleanliness and to take pride in personal grooming and wearing apparel. School dress code policy is maintained for all athletic events.

6. Coaches reserve the right to discipline and/or suspend athletes for inappropriate actions or behaviors that the coach feels are necessary to maintain proper team order and unity.

7. School Attendance: An athlete must attend school all day in order to practice or participate in a game. An athlete that misses school with illness will not be allowed to dress for practice or a game unless they return to school with a doctor's note. Other unavoidable excuses should be cleared through the principal or athletic director.

8. Athletic training rules are in effect the entire calendar year.
